The attention of the Bureau and the New York Office is directed to the March issue of "Political Affairs". On page 249 of that issue, an article appears entitled "Some Aspects of Party Work", by HENRY WINSTON, in which he says, "In a general way, we can say that the further growth of our Party depends on the building of our press, of the circulation of the Worker and Daily Worker."

The Philadelphia Office feels that this tends to show that the "Worker" and the "Daily Worker" are official organs of the Communist Party, and is being called to the attention of the Bureau and New York Office.

With reference to your letter of June 8 quoting the item from The Worker on May 16, 1948, indicating that the Bureau was responsible for the discharge of a YWCA worker in Warren, Ohio, you are advised that an Agent should call upon the General Secretary of the YWCA and inquire as to whether anyone representing the FBI made the demands indicated in The Worker. At that time the General Secretary should be informed there is absolutely no basis for the statement but that it would appear that The Worker probably received some report and we wanted to be certain that the facts were called to the attention of the General Secretary.

 APPEARING IN THE PENNSYLVANIA EDITION
 OF THE "WORKER"

On October 26, 1947 the "Worker" started publishing a special edition for distribution in Pennsylvania. This edition is known as the Pennsylvania Edition and is so marked. Each week since that date approximately four pages including the front page of the Pennsylvania Edition have been allotted to this District. Items appearing on these pages are items of local interest and contain the names of many Philadelphia individuals.

The Philadelphia Office regularly retains the weekly copy of the Pennsylvania Edition of the "Worker". In order that information appearing in this edition can be disseminated to the files of individuals who are mentioned in this Edition the Philadelphia Office has prepared a form memorandum which it is desirous of using in order to facilitate the distribution of this information into individual case files. It is anticipated that approximately 100 copies of this memorandum will be used each month.

Enclosed herewith are ten copies of the proposed memorandum, and Bureau permission is requested to use this memorandum for the dissemination of information appearing in the Pennsylvania Edition of the "Worker" into the files of individuals.

[REDACTED] stated that he had received a copy of the Sunday Worker for July 16, 1950, and after examining it he felt that its contents were of a highly seditious nature. [REDACTED] said he wanted to bring this to the attention of the Bureau with the thought in mind that some steps might be taken to stop the production of material of this type during the present emergency. He stated that he intended to call the contents of this issue of "The Worker" to the attention of Congressmen Karl Mundt, Richard Nixon, and T. Vincent Quinn, and he inquired whether there was anything he might suggest to the Congressmen to assist the Bureau in taking action on this matter.

I told [REDACTED] that, of course, we appreciated his calling and he could be sure his call would be made a matter of record. He was told that the Bureau was an investigative agency and that any legal steps taken to stop the publication of "The Worker" would have to be initiated by the Department.

The Bureau is trying to locate a copy of "The Worker" for July 16. When this is done, it will be reviewed and if it contains material of a seditious character, it will be submitted to the Criminal Division of the Department for an opinion as to what, if any, action can be taken regarding this.

It is noted that the Los Angeles Field Division sent in several copies of the "People's World," which is the CP West Coast paper, pointing out that they contained articles which appeared to be seditious in nature. Copies of these issues were submitted to the Criminal Division of the Department this morning asking for an opinion as to whether a violation of any Federal law was involved.

RECORDED JUL 21 1950

Be certain we send Dept promptly any subversive & seditious literature. It may do no good but at least it can't any later they will not let it. H.
